

Spyglass Growth Fund

Semi-Annual Report

June 30, 2020

Beginning on January 1, 2021, as permitted by regulations adopted by the U.S. Securities and Exchange Commission, paper copies of the Fund's annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on the Fund's website, www.spyglassfunds.com, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically anytime by contacting your financial intermediary (such as a broker-dealer or a bank) or, if you are a direct investor, by calling 1-888-878-5680, sending an e-mail request to info@spyglassfunds.com, or by enrolling at www.spyglassfunds.com.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with the Fund you can call 1-888-878-5680 or send an e-mail request to info@spyglassfunds.com to let the Fund know you wish to continue receiving paper copies of your shareholder reports. Your election to receive reports in paper will apply to all funds held in your account if you invest through your financial intermediary or all funds held with the fund complex if you invest directly with the Fund.

NOTES TO FINANCIAL STATEMENTS
at June 30, 2020 (Unaudited)

NOTE 1 – ORGANIZATION

The Spyglass Growth Fund (the “Fund”) is a series of Manager Directed Portfolios (the “Trust”). The Trust is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), and was organized as a Delaware statutory trust on April 4, 2006. The Fund is an open-end investment management company and is a non-diversified series of the Trust. The Fund acquired the assets of Spyglass Partners Fund, LP, a Delaware investment limited partnership (the “Predecessor Private Fund”), in a tax-free conversion completed at the close of business on December 29, 2017. The Fund did not have any operations prior to December 29, 2017 other than those relating to organizational matters and registration of its shares under applicable securities law. The Fund commenced operations on January 2, 2018, and currently only offers Institutional Shares. The Predecessor Private Fund had an investment objective and investment policies that were, in all material respects, equivalent to those of the Fund. However, the Predecessor Private Fund was not registered as an investment company under the 1940 Act, and was not subject to certain investment limitations, diversification requirements, liquidity requirements and other restrictions imposed by the 1940 Act and Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). Upon completion of the conversion, the net assets of the Fund were \$16,225,831. The number of shares of the Fund issued in connection with the conversion was 1,622,583, and the amount of net unrealized gains on the portfolio securities transferred to the Fund was \$2,060,757. Spyglass Capital Management LLC (the “Advisor”) serves as the investment advisor to the Fund. As an investment company, the Fund follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946 Financial Services – Investment Companies. The investment objective of the Fund is to seek long term capital appreciation.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with U.S. generally accepted accounting principles (“GAAP”).

- A. *Security Valuation:* All investments in securities are recorded at their estimated fair value, as described in Note 3.
- B. *Federal Income Taxes:* It is the Fund’s policy to comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no federal income or excise tax provisions are required.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. Management has analyzed the Fund’s tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions to be taken or expected to be taken on a tax return. The tax

NOTES TO FINANCIAL STATEMENTS (Continued)
at June 30, 2020 (Unaudited)

returns for the Fund for the prior three fiscal years are open for examination. The Fund identifies its major tax jurisdictions as U.S. Federal and the state of Delaware.

- C. *Securities Transactions, Income and Distributions:* Securities transactions are accounted for on the trade date. Realized gains and losses on securities sold are determined on the basis of identified cost. Interest income is recorded on an accrual basis. Dividend income and distributions to shareholders are recorded on the ex-dividend date. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates.

The Fund distributes substantially all of its net investment income, if any, and net realized capital gains, if any, annually. Distributions from net realized gains for book purposes may include short-term capital gains. All short-term capital gains are included in ordinary income for tax purposes. The amount of dividends and distributions to shareholders from net investment income and net realized capital gains is determined in accordance with federal income tax regulations, which may differ from GAAP. To the extent these book/tax differences are permanent, such amounts are reclassified within the capital accounts based on their federal tax treatment.

The Fund is charged for those expenses that are directly attributable to it, such as investment advisory, custody and transfer agent fees. Expenses that are not attributable to a Fund are typically allocated among the funds in the Trust proportionately based on allocation methods approved by the Board of Trustees (the "Board"). Common expenses of the Trust are typically allocated among the funds in the Trust based on a fund's respective net assets, or by other equitable means.

- D. *Use of Estimates:* The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets during the reporting period. Actual results could differ from those estimates.
- E. *Reclassification of Capital Accounts:* GAAP requires that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share.
- F. *Events Subsequent to the Fiscal Period End:* In preparing the financial statements as of June 30, 2020, management considered the impact of subsequent events for potential recognition or disclosure in the financial statements.

NOTE 3 – SECURITIES VALUATION

The Fund has adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion of changes in valuation

NOTES TO FINANCIAL STATEMENTS (Continued)
at June 30, 2020 (Unaudited)

techniques and related inputs during the period and expanded disclosure of valuation levels for major security types. These inputs are summarized in the three broad levels listed below:

- Level 1 – Unadjusted, quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access at the date of measurement.
- Level 2 – Other significant observable inputs (including, but not limited to, quoted prices in active markets for similar instruments, quoted prices in markets that are not active for identical or similar instruments, and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets, such as interest rates, prepayment speeds, credit risk curves, default rates, and similar data).
- Level 3 – Significant unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

Following is a description of the valuation techniques applied to the Fund’s major categories of assets and liabilities measured at fair value on a recurring basis.

Equity Securities: Equity securities, including common stocks, preferred stocks, foreign-issued common stocks, exchange-traded funds, closed-end mutual funds and real estate investment trusts (REITs), that are primarily traded on a national securities exchange shall be valued at the last sale price on the exchange on which they are primarily traded on the day of valuation or, if there has been no sale on such day, at the mean between the bid and asked prices. Securities primarily traded in the NASDAQ Global Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price (“NOCP”). If the NOCP is not available, such securities shall be valued at the last sale price on the day of valuation, or if there has been no sale on such day, at the mean between the bid and asked prices. Over-the-counter securities that are not traded on a listed exchange are valued at the last sale price in the over-the-counter market. Over-the-counter securities which are not traded in the NASDAQ Global Market System shall be valued at the mean between the bid and asked prices. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

Registered Investment Companies: Investments in registered investment companies (e.g., mutual funds) are generally priced at the ending NAV provided by the applicable registered investment company’s service agent and will be classified in Level 1 of the fair value hierarchy.

Short-Term Debt Securities: Debt securities, including short-term debt instruments having a maturity of less than 60 days, are valued at the evaluated mean price supplied by an approved pricing service. Pricing services may use various valuation methodologies including matrix pricing and other analytical pricing models as well as market transactions and dealer quotations. In the absence of prices from a pricing service, the

Spyglass Growth Fund

NOTES TO FINANCIAL STATEMENTS (Continued) at June 30, 2020 (Unaudited)

securities will be priced in accordance with the procedures adopted by the Board. Short-term securities are generally classified in Level 1 or Level 2 of the fair market hierarchy depending on the inputs used and market activity levels for specific securities.

The Board has delegated day-to-day valuation issues to a Valuation Committee of the Trust which, as of June 30, 2020, was comprised of officers of the Trust. The function of the Valuation Committee is to value securities where current and reliable market quotations are not readily available, or the closing price does not represent fair value, by following procedures approved by the Board. These procedures consider many factors, including the type of security, size of holding, trading volume and news events. All actions taken by the Valuation Committee are subsequently reviewed and ratified by the Board.

Depending on the relative significance of the valuation inputs, fair valued securities may be classified in either level 2 or level 3 of the fair value hierarchy.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the fair valuation hierarchy of the Fund's securities as of June 30, 2020:

NOTE 4 – INVESTMENT ADVISORY FEE AND OTHER TRANSACTIONS WITH AFFILIATES

For the six months ended June 30, 2020, the Advisor provided the Fund with investment management services under an Investment Advisory Agreement. The Advisor furnishes all investment advice, office space, and facilities, and provides most of the personnel needed by the Fund. As compensation for its services, the Advisor is entitled to a monthly fee at an annual rate of 1.00% for the Spyglass Growth Fund based upon the average daily net assets of the Fund. For the six months ended June 30, 2020, the Fund incurred \$2,330,352 in advisory fees.

The Fund is responsible for its own operating expenses. The Advisor has contractually agreed to waive its management fees and/or absorb expenses of the Fund to ensure that the total annual operating expenses [excluding front-end or contingent deferred loads, Rule 12b-1 plan fees, shareholder servicing plan fees, taxes, leverage, interest, brokerage

commissions and other transactional expenses, expenses in connection with a merger or reorganization, dividends or interest on short positions, acquired fund fees and expenses or extraordinary expenses (collectively, “Excludable Expenses”)] do not exceed the following amounts of the average daily net assets for the Institutional Shares:

Spyglass Growth Fund	
Institutional Shares	1.00%

For the six months ended June 30, 2020, the Advisor reduced its fees and absorbed Fund expenses in the amount of \$292,751 for the Fund. The waivers and reimbursements will remain in effect through January 1, 2021 unless terminated sooner by, or with the consent of, the Board.

The Advisor may request recoupment of previously waived fees and paid expenses in any subsequent month in the three-year period from the date of the management fee reduction and expense payment if the aggregate amount actually paid by the Fund toward the operating expenses for such fiscal year (taking into account the reimbursement) will not cause the Fund’s expenses to exceed the lesser of: (1) the expense limitation in place at the time of the management fee reduction and expense payment; or (2) the expense limitation in place at the time of the reimbursement. Any such reimbursement is also contingent upon Board of Trustees review and approval at the time the reimbursement is made. Such reimbursement may not be paid prior to the Fund’s payment of current ordinary operating expenses. Cumulative expenses subject to recapture pursuant to the aforementioned conditions expire as follows:

<u>Amount</u>	<u>Expiration</u>
\$197,172	12/31/2021
\$317,266	12/31/2022
\$292,751	06/30/2023

U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services, LLC (“Fund Services” or the “Administrator”) acts as the Fund’s Administrator under an Administration Agreement. The Administrator prepares various federal and state regulatory filings, reports and returns for the Fund; prepares reports and materials to be supplied to the Trustees; monitors the activities of the Fund’s custodian, transfer agent and accountants; coordinates the preparation and payment of the Fund’s expenses and reviews the Fund’s expense accruals. Fund Services also serves as the fund accountant and transfer agent to the Fund. Vigilant Compliance, LLC serves as the Chief Compliance Officer to the Fund. U.S. Bank N.A., an affiliate of Fund Services, serves as the Fund’s custodian. For the six months ended June 30, 2020, the Fund incurred the following expenses for administration, fund accounting, transfer agency and custody fees:

Administration & fund accounting	\$163,620
Custody	\$24,110
Transfer agency ^(a)	\$15,015

^(a) Does not include out-of-pocket expenses.

Spyglass Growth Fund

NOTES TO FINANCIAL STATEMENTS (Continued) at June 30, 2020 (Unaudited)

At June 30, 2020, the Fund had payables due to Fund Services for administration, fund accounting and transfer agency fees and to U.S. Bank N.A. for custody fees in the following amounts:

Administration & fund accounting	\$100,324
Custody	\$7,920
Transfer agency ^(a)	\$6,279

(a) Does not include out-of-pocket expenses.

Quasar Distributors, LLC (the “Distributor”) acts as the Fund’s principal underwriter in a continuous public offering of the Fund’s shares. The Distributor is an affiliate of the Administrator. A Trustee of the Trust is deemed to be an interested person of the Trust due to his former position with the Distributor.

Certain officers of the Fund are employees of the Administrator and are not paid any fees by the Fund for serving in such capacities.

NOTE 5 – SECURITIES TRANSACTIONS

For the six months end June 30, 2020, the cost of purchases and the proceeds from sales of securities, excluding short-term securities, were as follows:

	Purchases	Sales
Spyglass Growth Fund	\$516,016,586	\$123,146,426

There were no purchases or sales of long-term U.S. Government securities.

NOTE 6 – INCOME TAXES AND DISTRIBUTIONS TO SHAREHOLDERS

As of December 31, 2019, the Fund’s most recent fiscal year, the components of accumulated earnings/(losses) on a tax basis were as follows:

Cost of investments ^(a)	\$224,384,449
Gross unrealized appreciation	34,886,607
Gross unrealized depreciation	(9,647,786)
Net unrealized appreciation	25,238,821

NOTE 7 – PRINCIPAL RISKS

Below are summaries of some, but not all, of the principal risks of investing in the Fund, each of which could adversely affect the Fund's NAV, market price, yield, and total return. Further information about investment risks is available in the Fund's prospectus and Statement of Additional Information.

Recent Market Events; Market Risk: The risk that the market value of a security may go up or down in response to many factors including the historical and prospective earnings of the issuer, the value of its assets, general economic conditions, interest rates, investor perceptions and market liquidity. Price changes may be temporary or last for extended periods. Market risk may affect a single issuer, industry, sector of the economy or the market as a whole. U.S. and international markets experienced significant volatility in recent months and years due to a number of economic, political and global macro factors including the impact of the coronavirus as a global pandemic and related public health issues, growth concerns in the U.S. and overseas, uncertainties regarding interest rates, trade tensions and the threat of tariffs imposed by the U.S. and other countries. In particular, the spread of the novel coronavirus worldwide has resulted in disruptions to supply chains and customer activity, stress on the global healthcare system, rising unemployment claims, quarantines, cancellations, market declines, the closing of borders, restrictions on travel and widespread concern and uncertainty. Health crises and related political, social and economic disruptions caused by the spread of the recent coronavirus outbreak may also exacerbate other pre-existing political, social and economic risks in certain countries. It is not possible to know the extent of these impacts, and they may be short term or may last for an extended period of time. These developments as well as other events, such as the U.S. presidential election, could result in further market volatility and negatively affect financial asset prices, the liquidity of certain securities and the normal operations of securities exchanges and other markets, despite government efforts to address market disruptions. In addition, the Fund may face challenges with respect to its day-to-day operations if key personnel of the Advisor or other service providers are unavailable due to quarantines and restrictions on travel related to the coronavirus outbreak. Global economies and financial markets are increasingly interconnected, which increases the probabilities that conditions in one country or region might adversely impact issues in a different country or region.

NOTES TO FINANCIAL STATEMENTS (Continued)
at June 30, 2020 (Unaudited)

Equity Market Risk: Equity securities are susceptible to general stock market fluctuations due to economic, market, political and issuer-specific considerations and to potential volatile increases and decreases in value as market confidence in and perceptions of their issuers change.

Small-Cap and Mid-Cap Company Risk: Small-Cap and Mid-Cap companies often have less predictable earnings, more limited product lines, markets, distribution channels or financial resources, and the management of such companies may be dependent upon one or few key people. The market movements of equity securities of these companies may be more abrupt and volatile than the market movements of equity securities of larger, more established companies, or the stock market in general. Because of these movements, and because small-cap and mid-cap companies tend to be bought and sold less often and in smaller amounts, they are generally less liquid than the equity securities of larger companies.

Management Risk: The ability of the Fund to meet its investment objective is directly related to the Advisor's management of the Fund. The value of your investment in the Fund may vary with the effectiveness of the Advisor's research, analysis and asset allocation among portfolio securities. If the investment strategies do not produce the expected results, the value of your investment could be diminished or even lost entirely.

New Fund Risk: There can be no assurance that the Fund will grow to or maintain an economically viable size, in which case the Board may determine to liquidate the Fund. Liquidation of the Fund can be initiated without shareholder approval by the Board if it determines that liquidation is in the best interest of shareholders. As a result, the timing of the Fund's liquidation may not be favorable.

Non-Diversified Fund Risk: Because the Fund is "non-diversified," it may invest a greater percentage of its assets in the securities of a single issuer. As a result, a decline in the value of an investment in a single issuer could cause the Fund's overall value to decline to a greater degree than if the Fund held a more diversified portfolio.

Sector Emphasis Risk: Although the Advisor selects stocks based on their individual merits, some economic sectors will represent a larger portion of the Fund's overall investment portfolio than other sectors. Potential negative market or economic developments affecting one of the larger sectors could have a greater impact on the Fund than on a fund with fewer holdings in that sector.

Information Technology Sector Risk: Technology companies face intense competition, which may have an adverse effect on profit margins. Technology companies may have limited product lines, markets, financial resources or personnel. The products of technology companies may face obsolescence due to rapid technological developments and frequent new product introduction, unpredictable changes in growth rates, and competition for the services of qualified personnel. Information technology companies may be smaller and less experienced companies, with limited product lines, markets or financial resources and fewer experienced management or marketing personnel.

Information technology companies may be subject to additional risks, including loss of patent, copyright, and trademark protections, as well as evolving industry standards.

REIT Risk: A REIT's share price may decline because of adverse developments affecting the real estate industry, including changes in interest rates. The returns from REITs may trail returns from the overall market. The Fund's investments in REITs may be subject to special tax rules, or a particular REIT may fail to qualify for the favorable federal income tax treatment applicable to REITs, the effect of which may have adverse tax consequences for the Fund and shareholders.

Cash and Cash Equivalent Risk: At various times, the Fund may have cash balances that exceed federally insured limits. It is the opinion of management that the solvency of the financial institutions are not of a particular concern at this time.

NOTE 8 – GUARANTEES AND INDEMNIFICATIONS

In the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties and which provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.

EXPENSE EXAMPLE June 30, 2020 (Unaudited)

As a shareholder of the Fund, you incur two types of costs: (1) transaction costs including sales charges (loads) and redemption fees, if applicable; and (2) ongoing costs, including management fees; and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The Example is based on an investment of \$1,000 invested at the beginning of the period indicated and held for the entire period from January 1, 2020 to June 30, 2020 for the Institutional Shares.

Actual Expenses

The information in the table under the heading “Actual” provides information about actual account values and actual expenses. You may use the information in these columns together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the row entitled “Expenses Paid During Period” to estimate the expenses you paid on your account during this period. There are some account fees that are charged to certain types of accounts, such as Individual Retirement Accounts (generally, a \$15 fee is charged to the account annually) that would increase the amount of expenses paid on your account. The example below does not include portfolio trading commissions and related expenses and other extraordinary expenses as determined under generally accepted accounting principles.

Hypothetical Example for Comparison Purposes

The information in the table under the heading “Hypothetical (5% return before expenses)” provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. As noted above, there are some account fees that are charged to certain types of accounts that would increase the amount of expense paid on your account.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transaction costs, such as sales charges (loads), redemption fees, or exchange fees. Therefore, the information under the heading “Hypothetical (5% return before expenses)” is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Householding

In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and annual and semi-annual reports you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Transfer Agent reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-888-878-5680 to request individual copies of these documents. Once the Transfer Agent receives notice to stop householding, the Transfer Agent will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

NOTICE OF PRIVACY POLICY AND PRACTICES

Protecting the privacy of Fund shareholders is important to us. The following is a description of the practices and policies through which we protect the privacy and security of your non-public personal information.

What Information We Collect

We collect and maintain information about you so that we can open and maintain your account in the Fund and provide various services to you. We collect non-public personal information about you from the following sources:

- information we receive about you on applications or other forms;
- information you give us orally; and
- information about your transactions with us or others.

The types of non-public personal information we collect and share can include:

- social security number;
- account balances;
- account transactions;
- transaction history;
- wire transfer instructions; and
- checking account information.

What Information We Disclose

We do not disclose any non-public personal information about shareholders or former shareholders of the Fund without the shareholder's authorization, except as permitted by law or in response to inquiries from governmental authorities. We may share information with affiliated parties and unaffiliated third parties with whom we have contracts for servicing the Fund. We will provide unaffiliated third parties with only the information necessary to carry out their assigned responsibility.

How We Protect Your Information

All shareholder records will be disposed of in accordance with applicable law. We maintain physical, electronic and procedural safeguards to protect your non-public personal information and require third parties to treat your non-public personal information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared with unaffiliated third parties.

If you have any questions or concerns regarding this notice or our Privacy Policy, please contact us at 1-888-878-5680.
