Prospectus

April 30, 2019

Telephone: 1-888-878-5680

www.spyglassfunds.com

Beginning on January 1, 2021, as permitted by regulations adopted by the U.S. Securities and Exchange Commission, paper copies of the Fund's annual and semi-annual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on the Fund's website www.spyglassfunds.com, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically anytime by contacting your financial intermediary (such as a broker-dealer or a bank) or, if you are a direct investor, by calling 1-888-878-5680 or by sending an e-mail request to info@spyglassfunds.com.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with the Fund you can call 1-888-878-5680 or send an e-mail request to info@spyglassfunds.com to let the Fund know you wish to continue receiving paper copies of your shareholder reports. Your election to receive reports in paper will apply to all funds held in your account if you invest through your financial intermediary or all funds held with the fund complex if you invest directly with the Fund.

The Securities and Exchange Commission ("SEC") has not approved or disapproved of these securities or determined if this Prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Spyglass Growth Fund
a series of Manager Directed Portfolios (the “Trust”)

Summary Section

Investment Objective

The Spyglass Growth Fund (the “Fund”) seeks long-term capital appreciation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees <i>(fees paid directly from your investment)</i>	Institutional Shares	Retail Shares
	None	None
Annual Fund Operating Expenses <i>(expenses that you pay each year as a percentage of the value of your investment)</i>		
Management Fees	1.00%	1.00%
Distribution and/or Service (12b-1) Fees	None	0.25%
Other Expenses ⁽¹⁾	0.78%	0.78%
Total Annual Fund Operating Expenses	1.78%	2.03%
Less: Fee Waiver and/or Expense Reimbursement	-0.78%	-0.78%
Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement ⁽²⁾	1.00%	1.25%

(1) As Retail Shares are not currently offered, other expenses for Retail Shares are estimated for the current fiscal year and are based on those of the Institutional Shares.

(2) Pursuant to an operating expense limitation agreement between Spyglass Capital Management LLC (the “Advisor”), the Fund’s investment advisor, and the Fund, the Advisor has agreed to waive its management fees and/or reimburse Fund expenses to ensure that Total Annual Fund Operating Expenses (excluding any front-end or contingent deferred loads, Rule 12b-1 plan fees, shareholder servicing plan fees, taxes, leverage (i.e., any expenses incurred in connection with borrowings made by the Fund), interest (including interest incurred in connection with bank and custody overdrafts), brokerage commissions and other transactional expenses, expenses incurred in connection with any merger or reorganization, dividends or interest on short positions, acquired fund fees and expenses or extraordinary expenses such as litigation (collectively, “Excludable Expenses”)) do not exceed 1.00% of the Fund’s average daily net assets, through at least January 1, 2021, unless terminated sooner by, or with the consent of, the Trust’s Board of Trustees (the “Board of Trustees”). To the extent the Fund incurs Excludable Expenses, Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement will exceed 1.00%. The Advisor may request recoupment of previously waived fees and paid expenses from the Fund for three years from the date such fees and expenses were waived or paid, if such reimbursement will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the waiver and/or expense payment; or (2) the expense limitation in place at the time of the recoupment.

Example

This Example is intended to help you compare the costs of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. The fee waiver/expense reimbursement arrangement discussed in the table above is reflected only through January 1, 2021. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

Share Class	One Year	Three Years
Institutional Shares	\$102	\$404
Retail Shares	\$127	\$481

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may generate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in the annual fund operating expenses or in the Example, affect the Fund’s performance. For its fiscal period ended December 31, 2018, the portfolio turnover rate for the Fund was 66%.

Principal Investment Strategies

The Fund seeks to achieve its investment objective by investing in a non-diversified portfolio of common stocks of U.S. growth companies. The Fund may also invest in other equity securities, including stocks offered in initial public offerings (“IPOs”) and shares of real estate investment trusts (“REITs”). The Fund may invest in foreign securities, including sponsored American Depositary Receipts (“ADRs”), which are certificates typically issued by a bank or trust company that represent ownership of securities in non-U.S. companies. The Fund may invest in companies of any size, but typically invests in securities of issuers with market capitalizations between \$2 billion and \$12 billion. The Fund invests for the long-term, meaning the Fund may hold securities in its portfolios with market capitalizations that have grown beyond their value at time of purchase. The Fund tends to hold a relatively focused portfolio of between 25 and 30 companies, although from time to time the Fund may hold fewer or more stocks depending on the Advisor’s assessment of the investment opportunities available. From time to time, the Fund may focus its investments in securities of companies in the same economic sector.

The Advisor seeks to identify companies from the Fund’s investable universe of U.S. growth companies with market capitalizations between \$2 billion and \$12 billion that it believes have potential for above-average revenue and/or earnings growth through thoughtful, disciplined, bottom-up fundamental research and comprehensive due diligence. The Advisor purchases securities for the Fund when it believes the market has not already reflected these expectations in the current stock price, considering factors such as: substantial growth faster than the wider economy; identifiable competitive advantages; ability to take market share from competitors; attractive and improving margins; sustainable above-average revenue and earnings growth; and entrepreneurial management teams. When evaluating a security for sale, the Advisor considers the same factors it uses in evaluating a security for purchase and generally sells a security when the price approaches fair value or when the Advisor believes such securities no longer meet its investment criteria.

Principal Risks

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested, and the amount of risk you are willing to take. Remember, in addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund over long or even short periods of time.** The principal risks of investing in the Fund are:

- *Equity Market Risk.* Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change.
- *General Market Risk.* The value of the Fund’s shares will fluctuate based on the performance of the Fund’s investments and other factors affecting the securities markets generally.
- *Growth Stock Risk.* Growth securities experience relatively rapid earnings growth and typically trade at higher multiples of current earnings than other securities. Growth securities may be more volatile because growth companies usually invest a high proportion of earnings

in their businesses, and they may lack the dividends of value stocks that can lessen the decreases in stock prices in a falling market.

- *Small-Cap and Mid-Cap Company Risk.* Small-Cap and mid-cap companies often have less predictable earnings, more limited product lines, markets, distribution channels or financial resources, and the management of such companies may be dependent upon one or few key people. The market movements of equity securities of these companies may be more abrupt and volatile than the market movements of equity securities of larger, more established companies, or the stock market in general. Because of these movements, and because small-cap and mid-cap companies tend to be bought and sold less often and smaller amounts, they are generally less liquid than the equity securities of larger companies.
- *Non-Diversified Fund Risk.* Because the Fund is “non-diversified,” it may invest a greater percentage of its assets in the securities of a single issuer. As a result, a decline in the value of an investment in a single issuer could cause the Fund’s overall value to decline to a greater degree than if the Fund held a more diversified portfolio.
- *New Fund Risk.* As a new fund, there can be no assurance that the Fund will grow or maintain an economically viable size.
- *Sector Emphasis Risk.* Although the Advisor selects stocks based on their individual merits, some economic sectors will represent a larger portion of the Fund’s overall investment portfolio than other sectors. Potential negative market or economic developments affecting one of the larger sectors could have a greater impact on the Fund than on a fund with fewer holdings in that sector.
- *Information Technology Sector Risk.* Technology companies face intense competition, which may have an adverse effect on profit margins. Technology companies may have limited product lines, markets, financial resources or personnel. The products of technology companies may face obsolescence due to rapid technological developments and frequent new product introduction, unpredictable changes in growth rates, and competition for the services of qualified personnel. Information technology companies may be smaller and less experienced companies, with limited product lines, markets or financial resources and fewer experienced management or marketing personnel. Information technology companies may be subject to additional risks, including loss of patent, copyright, and trademark protections, as well as evolving industry standards.
- *Management Risk.* The Advisor’s investment strategies for the Fund may not result in an increase in the value of your investment or in overall performance equal to other investments.
- *REIT Risk.* A REIT’s share price may decline because of adverse developments affecting the real estate industry, including changes in interest rates. The returns from REITs may trail returns from the overall market. The Fund’s investments in REITs may be subject to special tax rules, or a particular REIT may fail to qualify for the favorable federal income tax treatment applicable to REITs, the effect of which may have adverse tax consequences for the Fund and shareholders.
- *Foreign Securities, ADRs and Currency Risks.* Foreign securities are subject to risks relating to political, social and economic developments abroad and differences between U.S. and foreign regulatory requirements and market practices, including fluctuations in foreign currencies. Income earned on foreign securities may be subject to foreign withholding taxes. ADRs are alternatives to directly purchasing the underlying foreign securities in their national markets and currencies. However, ADRs are subject to many of the risks associated with investing directly in foreign securities. These risks include foreign exchange risk as well as the political and economic risks of the underlying issuer’s country. The depository bank may not have physical custody of the underlying securities.

at all times and may charge fees for various services, including forwarding dividends and interest and corporate actions.

- *Cybersecurity Risk.* With the increased use of technologies such as the Internet to conduct business, the Fund is susceptible to operational, information security, and related risks. Cyber incidents affecting the Fund or its service providers may cause disruptions and impact business operations, potentially resulting in financial losses, interference with the Fund's ability to calculate its net asset value ("NAV"), impediments to trading, the inability of shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs.
- *IPO Risk.* An IPO presents the risk that the market value of IPO shares will fluctuate considerably due to factors such as the absence of a prior public market, unseasoned trading, the small number of shares available for trading and limited information about the issuer. The purchase of IPO shares may involve high transaction costs. IPO shares are subject to market risk and liquidity risk.
- *Cash and Cash Equivalent Risk.* At various times, the Fund may have cash balances that exceed federally insured limits, and the Advisor may consider the potential insolvency of financial institutions when the Fund's cash balance exceeds federally insured limits.

Performance

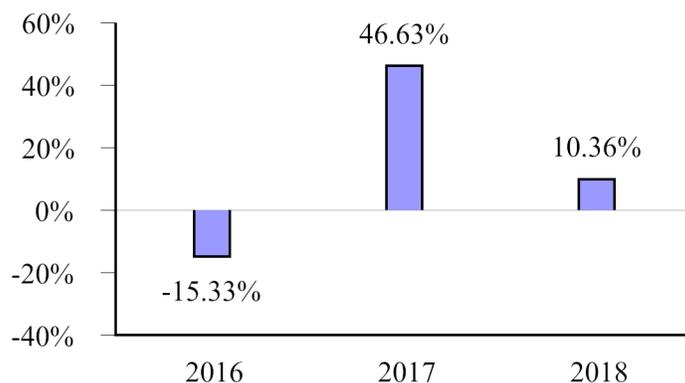

On December 29, 2017, Spyglass Partners Fund LP, a limited partnership managed by the Advisor (the "Predecessor Partnership"), converted into the Institutional Shares class of the Fund by contributing all of its assets to the Fund in exchange for Institutional Shares of the Fund. The Predecessor Partnership was formed on October 1, 2015 to serve as a pooled investment vehicle for accredited investors, and since inception the Predecessor Partnership maintained investment policies, objectives, guidelines, and restrictions that were, in all material respects, equivalent to those of the Fund. From the date of inception through the time of the conversion, the Predecessor Partnership was managed by the Advisor and the same portfolio manager as the Fund. The Fund's performance set forth below is that of the Predecessor Partnership through December 28, 2017 and includes the expenses of the Predecessor Partnership for such periods. The performance includes gains or losses plus income and the reinvestment of all dividends and interest. All returns reflect the deduction of all actual fees and expenses paid by the Predecessor Partnership, without provision for state or local taxes. As of the date of this Prospectus, the Advisor does not manage any accounts materially equivalent to the Fund, nor did the Advisor manage any such accounts during the period of the Predecessor Partnership's performance shown.

The financial statements of the Predecessor Partnership were independently audited by BDO USA, LLP. The Predecessor Partnership was not registered under the 1940 Act, and was not subject to certain investment limitations, diversification requirements, and other restrictions imposed by the 1940 Act and the Internal Revenue Code of 1986, as amended (the "Code"), which, if applicable, may have adversely affected its performance. On a going forward basis for periods beginning on December 29, 2017, the Fund's performance has been calculated using the standard formula set forth in rules promulgated by the SEC, which differs in certain respects from the methods used to compute total returns for the Predecessor Partnership. Please refer to the Financial Statements section of the Fund's SAI to review additional information regarding the Predecessor Partnership.

The following information provides some indication of the risks of investing in the Fund. The bar chart shows the annual returns of the Institutional Shares of the Fund and the Predecessor Partnership from year to year, as applicable. The performance shown is that of the Predecessor Partnership for periods prior to December 29, 2017. The table shows how the Fund's and the Predecessor Partnership's average annual returns for the one-year and since inception periods

compare with those of a broad measure of market performance. The Fund's and the Predecessor Partnership's past performance, before and after taxes, is not necessarily an indication of how the Fund will perform in the future. Updated performance information is available on the Fund's website at www.spyglassfunds.com.

Calendar Year Returns as of December 31

During the period of time shown in the bar chart, the highest return for a calendar quarter was 20.33% for the quarter ended March 31, 2017, and the lowest return for a calendar quarter was -15.11% for the quarter ended December 31, 2018.

Average Annual Total Returns

(For the periods ended December 31, 2018)

	1 Year	Since* Inception (10/1/2015)
Spyglass Growth Fund		
Return Before Taxes	10.36%	11.78%
Return After Taxes on Distributions	8.44%	n/a
Return After Taxes on Distributions and Sale of Fund Shares	6.33%	n/a
Russell® Mid-Cap Growth Index (reflects no deduction for fees, expenses, or taxes)	-4.75%	9.19%

* The Since Inception returns include those of the Predecessor Partnership

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown, and after-tax returns shown are not relevant to investors who are exempt from tax or hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts. After-tax returns are shown for only Institutional Shares and after-tax returns for Retail Shares will vary. After-tax returns are shown for Institutional Shares and after-tax returns for Retail Shares will vary. The Predecessor Partnership was an unregistered partnership that did not qualify as a regulated investment company for federal income tax purposes and did not pay dividends and distributions. As a result of the different tax treatment, the Fund is unable to show after-tax returns for periods prior to December 29, 2017.

Management

Investment Advisor. Spyglass Capital Management LLC (the “Advisor”) is the Fund’s investment advisor.

Portfolio Manager. James A. Robillard has managed the Fund since the commencement of the Fund’s operations in January 2018. Mr. Robillard also managed the Predecessor Partnership since its inception in October 2015.

Purchase and Sale of Fund Shares

You may purchase or redeem Fund shares on any business day by written request via mail to: Spyglass Growth Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201-0701, by telephone at 1-888-878-5680, by wire transfer or through a financial intermediary. Investors who wish to purchase or redeem Fund shares through a financial intermediary should contact the intermediary directly. The minimum initial and subsequent investment amounts are shown below.

Share Purchase Amounts

Minimum Initial Investment – All Accounts
Minimum Subsequent Investment – All Accounts

Institutional Shares

\$100,000
None

Retail Shares

\$3,000
None

Tax Information

The Fund’s distributions will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA. You may be taxed later upon withdrawal of monies from such tax-deferred arrangements.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank), the Fund, the Advisor and their related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your advisor to recommend the Fund over another investment. Ask your advisor or visit your financial intermediary’s website for more information.

Investment Strategies, Risks and Disclosure of Portfolio Holdings

Investment Objective

The Fund seeks long-term capital appreciation.

Change in Investment Objective. The Fund’s investment objective may be changed without the approval of the Fund’s shareholders upon 60 days’ prior written notice to shareholders.

Principal Investment Strategies

The Fund seeks to achieve its investment objective by investing in a non-diversified portfolio of common stocks of U.S. growth companies. The Fund may also invest in other equity securities, including stocks offered in IPOs and shares of REITs. The Fund may invest in foreign securities, including sponsored ADRs. The Fund may invest in companies of any size, but typically invests in securities of issuers with market capitalizations between \$2 billion and \$12 billion. The Fund invests for the long-term, meaning the Fund may hold securities in its portfolios with market capitalizations that have grown beyond their value at time of purchase. The Fund tends to hold a relatively focused portfolio of between 25 and 30 companies, although from time to time the Fund

may hold fewer or more stocks depending on the Advisor's assessment of the investment opportunities available. From time to time, the Fund may focus its investments in securities of companies in the same economic sector.

The Advisor believes that proprietary, independent, fundamental research can identify dislocations between current stock prices and calculated present values. It believes that this is particularly true for rapidly growing companies. Rapidly growing companies present an opportunity to develop a thesis that provides the prospect to earn above-market returns over time. The Advisor seeks to identify companies that have attractive valuations relative to the discounted, long-term value of the business through thoughtful, disciplined, bottom-up fundamental research and comprehensive due diligence.

The Advisor looks for great companies that are operating in industries that are expected to experience long-term growth. The Advisor defines great companies as those companies that generally share the following characteristics:

- growth at a rate that is faster than the wider economy;
- identifiable competitive advantages;
- taking market share from competitors;
- have or will have attractive and improving margins;
- sustainable above-average revenue and earnings growth; and
- entrepreneurial management teams.

When these characteristics are present, the Advisor believes these businesses can grow their earnings significantly over time and that stock prices ultimately tend to follow earnings trajectories. The Fund's investment process seeks to find instances where general market expectations underestimate a company's opportunity for growth and probability of success. When the Advisor discovers these situations, the Fund will invest for the long-term and the Advisor expects the stock price to converge with its model of present value over time.

In order to respond to adverse market, economic, political or other conditions, the Fund may assume a temporary defensive position and invest without limit in commercial paper and other money market instruments that are rated investment grade by a nationally recognized statistical rating organization, or determined by the investment adviser to be of comparable quality. The result of this action may be that the Fund will be unable to achieve its investment objective.

Principal Risks of Investing in the Fund

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested, and the amount of risk you are willing to take. Remember, in addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund**. The principal risks of investing in the Fund are:

Equity Market Risk. Equity securities are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including: expectations regarding government, economic, monetary and fiscal policies; inflation and interest rates; economic expansion or contraction; and global or regional political, economic and banking crises. If you held common stock, or common stock equivalents, of any given issuer, you would generally be exposed to greater risk than if you held preferred stocks and debt obligations of the issuer because common stockholders, or holders of equivalent interests, generally have inferior rights to receive payments from issuers in comparison with the rights of preferred stockholders, bondholders and other creditors of such issuers.

General Market Risk. The market value of a security may move up or down, sometimes rapidly and unpredictably. These fluctuations may cause a security to be worth less than the price originally paid for it, or less than it was worth at an earlier time. Market risk may affect a single issuer, industry, sector of the economy or the market as a whole. U.S. and international markets experienced significant volatility in recent years. Global economies and financial markets are increasingly interconnected, which increases the probabilities that conditions in one country or region might adversely impact issues in a different country or region. In some cases, the stock prices of individual companies have been negatively impacted even though there may be little or no apparent degradation in the financial condition or prospects of that company. As a result of this volatility, many of the risks associated with an investment in the Fund may be increased.

Growth Stock Risk. Growth securities experience relatively rapid earnings growth and typically trade at higher multiples of current earnings than other securities. Therefore, growth securities may be more sensitive to changes in current or expected earnings than other securities. Growth securities may be more volatile because growth companies usually invest a high proportion of earnings in their businesses, and they may lack the dividends of value stocks that can lessen the decreases in stock prices in a falling market. A company may never achieve the earnings expansion the Advisor anticipates.

Small-Cap and Mid-Cap Company Risk. Generally, small-cap and mid-cap companies may have more potential for growth than companies with larger market capitalizations. Investing in small-cap and mid-cap companies, however, may involve greater risk than investing in large-cap companies, and these risks are passed on to the Funds. Small-Cap and mid-cap companies may not have the management experience, financial resources, product diversification and competitive strengths of large-cap companies. Therefore, their securities may be more volatile than the securities of larger, more established companies, making them less liquid than other securities. Small-cap and mid-cap company stocks may also be bought and sold less often and in smaller amounts than larger company stocks. Because of this limit, if the Advisor wants to sell a large quantity of a small-cap or mid-cap company's stock, it may have to sell at a lower price than it might prefer, or it may have to sell in smaller than desired quantities over a period of time.

Non-Diversified Fund Risk. The Fund is "non-diversified" and therefore is not required to meet certain diversification requirements under federal securities laws. The Fund may invest a greater percentage of its assets in the securities of a single issuer. However, a decline in the value of an investment in a single issuer could cause the Fund's overall value to decline to a greater degree than if the Fund held a more diversified portfolio.

New Fund Risk. There can be no assurance that the Fund will grow to or maintain an economically viable size, in which case the Board of Trustees may determine to liquidate the Fund. Liquidation of the Fund can be initiated without shareholder approval by the Board of Trustees if it determines that liquidation is in the best interest of shareholders. As a result, the timing of the Fund's liquidation may not be favorable.

Sector Emphasis Risk. Although the Advisor selects stocks based on their individual merits, some economic sectors will represent a larger portion of the Fund's overall investment portfolio than other sectors. Potential negative market or economic developments affecting one of the larger sectors could have a greater impact on the Fund than on a fund with fewer holdings in that sector.

Information Technology Sector Risk. Technology companies face intense competition, which may have an adverse effect on profit margins. Technology companies may have limited product lines, markets, financial resources or personnel. The products of technology companies may face obsolescence due to rapid technological developments and frequent new product introduction,

unpredictable changes in growth rates, and competition for the services of qualified personnel. Information technology companies may be smaller and less experienced companies, with limited product lines, markets or financial resources and fewer experienced management or marketing personnel. Information technology companies may be subject to additional risks, including loss of patent, copyright, and trademark protections, as well as evolving industry standards.

Management Risk. The ability of the Fund to meet its investment objective is directly related to the Advisor's management of the Fund. The value of your investment in the Fund may vary with the effectiveness of the Advisor's research, analysis and asset allocation among portfolio securities. If the investment strategies do not produce the expected results, the value of your investment could be diminished or even lost entirely.

REIT Risk. REITs pool investors' funds for investment primarily in commercial real estate properties or real-estate related loans. REITs generally derive their income from rents on the underlying properties or interest on the underlying loans, and their value is impacted by changes in the value of the underlying property or changes in interest rates affecting the underlying loans owned by the REITs. REITs are more susceptible to risks associated with the ownership of real estate and the real estate industry in general. These risks can include fluctuations in the value of underlying properties; defaults by borrowers or tenants; market saturation; changes in general and local economic conditions; decreases in market rates for rents; increases in competition, property taxes, capital expenditures, or operating expenses; and other economic, political or regulatory occurrences affecting the real estate industry. In addition, REITs depend upon specialized management skills, may not be diversified (which may increase the volatility of the REIT's value), may have less trading volume and may be subject to more abrupt or erratic price movements than the overall securities market. REITs are not taxed on income distributed to shareholders provided they comply with several requirements of the Code. REITs are subject to the risk of failing to qualify for tax-free pass-through of income under the Code. In addition, investments in REITs may involve duplication of management fees and certain other expenses, as the Fund indirectly bears its proportionate share of any expenses paid by REITs in which it invests.

In general, qualified REIT dividends that an investor receives directly from a REIT are automatically eligible for the 20% qualified business income deduction. The IRS has issued proposed Treasury Regulations that, if finalized as proposed, would permit a dividend or part of a dividend paid by a regulated investment company and reported as a "section 199A dividend" to be treated by the recipient as a qualified REIT dividend for purposes of the 20% qualified business income deduction. These regulations have not yet been finalized and the tax treatment of REIT dividends received through a regulated investment company may change in the future. However, taxpayers may rely on the Treasury Regulations as proposed, until they are adopted as final.

Foreign Securities, ADRs and Currency Risks. Foreign securities risks include risks relating to political, social and economic developments abroad and differences between U.S. and foreign regulatory requirements and market practices. Those risks are increased for investments in emerging markets. Securities that are denominated in foreign currencies are subject to the further risk that the value of the foreign currency will fall in relation to the U.S. dollar and/or will be affected by volatile currency markets or actions of U.S. and foreign governments or central banks. Income earned on foreign securities may be subject to foreign withholding taxes.

ADRs are certificates evidencing ownership of shares of a foreign issuer. These certificates are issued by depository banks and generally trade on an established market in the U.S. or elsewhere. The underlying shares are held in trust by a custodian bank or similar financial institution. The depository bank may not have physical custody of the underlying securities at all times and may charge fees for various services, including forwarding dividends and interest and corporate actions.

The Fund invests in ADRs through “sponsored” facilities. A sponsored facility is established jointly by the issuer of the security underlying the receipt and a depository. ADRs are alternatives to directly purchasing the underlying foreign securities in their national markets and currencies. However, ADRs are subject to many of the risks associated with investing directly in foreign securities. These risks include foreign exchange risk as well as the political and economic risks of the underlying issuer’s country.

Cybersecurity Risks. With the increased use of technologies such as the Internet to conduct business, the Fund is susceptible to operational, information security, and related risks. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber attacks include, but are not limited to, gaining unauthorized access to digital systems (e.g., through “hacking” or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cyber attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on websites (i.e., efforts to make network services unavailable to intended users). Cyber incidents affecting the Fund or its service providers may cause disruptions and impact business operations, potentially resulting in financial losses, interference with the Fund’s ability to calculate its NAV, impediments to trading, the inability of shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs. Similar adverse consequences could result from cyber incidents affecting issuers of securities in which the Fund invests, counterparties with which the Fund engages in transactions, governmental and other regulatory authorities, exchange and other financial market operators, banks, brokers, dealers, insurance companies and other financial institutions (including financial intermediaries and service providers for shareholders) and other parties. In addition, substantial costs may be incurred in order to prevent any cyber incidents in the future. While the Fund’s service providers have established business continuity plans in the event of, and risk management systems to prevent, such cyber incidents, there are inherent limitations in such plans and systems including the possibility that certain risks have not been identified. Furthermore, the Fund cannot control the cyber security plans and systems put in place by its service providers or any other third parties whose operations may affect the Fund or its shareholders. As a result, the Fund and its shareholders could be negatively impacted.

IPO Risk. The Fund may purchase securities of companies engaged in IPOs. The price of securities purchased in IPOs can be very volatile. The Fund’s investments in IPO shares may include the securities of “unseasoned” companies (companies with less than three years of continuous operations), which present risks considerably greater than common stocks of more established companies. These companies may be involved in new and evolving businesses and may be vulnerable to competition and changes in technology, markets and economic conditions. They may be more dependent on key managers and third parties and may have limited product lines. The effect of IPO investments on the Fund’s performance depends on a variety of factors, including the number of IPOs the Fund invests in relative to the size of the Fund, and whether and to what extent a security purchased in an IPO appreciates or depreciates in value. When the Fund’s asset base is small, a significant portion of the Fund’s performance could be attributable to investments in IPOs because such investments would have a magnified impact on the Fund. As the Fund’s assets grow, the effect of the Fund’s investments in IPOs on the Fund’s performance probably will decline, which could reduce the Fund’s performance.

Cash and Cash Equivalent Risk. At various times, the Fund may have cash balances that exceed federally insured limits, and the Advisor may consider the potential insolvency of financial institutions when the Fund’s cash balance exceeds federally insured limits.

Portfolio Holdings Information

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the SAI. Disclosure of the Fund's holdings is required to be made quarterly within 60 days of the end of each fiscal quarter in the annual and semi-annual reports to Fund shareholders and in other regulatory filings. The annual and semi-annual reports to Fund shareholders are available free of charge by contacting the Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201-0701 or calling 1-888-878-5680, or by visiting the Fund's website at www.spyglassfunds.com.

Voluntary Fee Waivers and/or Expense Reimbursements

Service providers to the Fund may, from time to time, voluntarily waive all or a portion of any fees to which they are entitled and/or reimburse certain expenses as they may determine from time to time. The Fund's service providers may discontinue or modify these voluntary actions at any time without notice. Performance of the Fund will reflect the voluntary waiver of fees and/or the reimbursement of expenses, if any. Without these waivers and/or expense reimbursements, performance would be less favorable.

Management of the Fund

Investment Advisor

Spyglass Capital Management LLC, located at One Letterman Drive, Building C, Suite 3600, San Francisco, CA 94129, provides long-only, concentrated growth investment management services to institutions and high net worth individuals. The Advisor is a SEC-registered investment advisory firm formed in 2015. Pursuant to an investment advisory agreement between the Trust, on behalf of the Fund, and the Advisor, and subject to general oversight by the Board of Trustees, the Advisor manages and supervises the investment operations and business affairs of the Fund. The Advisor also furnishes the Fund with office space and certain administrative services and provides personnel needed to fulfill its obligations under its advisory agreement. The Advisor is entitled to an annual management fee of 1.00% of the Fund's average daily net assets. For the fiscal period ended December 31, 2018, the Advisor received, after waivers and reimbursements, an advisory fee of 0.23% of the average daily net assets of the Fund.

Fund Expenses. The Fund is responsible for its own operating expenses. However, pursuant to an operating expense limitation agreement between the Advisor and the Fund, the Advisor has agreed to waive its management fees and/or reimburse expenses to ensure that the total amount of the Fund's operating expenses (excluding any front-end or contingent deferred loads, Rule 12b-1 plan fees, shareholder servicing plan fees, taxes, leverage (i.e., any expenses incurred in connection with borrowings made by the Fund), interest (including interest incurred in connection with bank and custody overdrafts), brokerage commissions and other transactional expenses, expenses incurred in connection with any merger or reorganization, dividends or interest on short positions, acquired fund fees and expenses or extraordinary expenses such as litigation (collectively, "Excludable Expenses")) does not exceed 1.00% of the Fund's average annual net assets. To the extent the Fund incurs Excludable Expenses, Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement may exceed 1.00%. The Advisor may request recoupment of previously waived fees and paid expenses from the Fund for three years from the date such fees and expenses were waived or paid, subject to the operating expense limitation agreement, if such reimbursement will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the waiver and/or expense payment; or (2) the expense limitation in place at the time of the recoupment. The Fund must pay its current ordinary operating expenses before the Advisor is entitled to any recoupment of management fees and/or expenses. This

operating expense limitation agreement is in effect through at least January 1, 2021, and may be terminated only by, or with the consent of, the Board of Trustees.

A discussion regarding the basis of the Board of Trustees' approval of the Advisory Agreement is available in the Fund's semi-annual report to shareholders for the period ended June 30, 2018.

The Fund, a series of the Trust, does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment advisor with any other series of the Trust.

Portfolio Manager

The portfolio manager performs day-to-day portfolio management for the Fund using the investment strategies and policies described in this prospectus.

James A. Robillard. Mr. Robillard serves as President and Chief Investment Officer of the Advisor. Prior to founding the Advisor in 2015, Mr. Robillard served as Managing Director of Edgewood Management, LLC from 2010 to 2015, and as Senior Research Analyst of the same firm from 2004 to 2010. Mr. Robillard was also a member of the portfolio management team for the Edgewood Growth Fund (EGFIX) from 2006 to 2015. Mr. Robillard previously served in other roles at Van Wagoner Capital Management from 1999 to 2002 and Baron Capital Management from 1996 to 1999. Mr. Robillard graduated from Vanderbilt University with a BA and received an MBA from the University of Chicago Graduate School of Business (currently the University of Chicago Booth School of Business) with concentrations in Finance and Accounting in 2004.

The SAI provides additional information about the portfolio manager's compensation, other accounts managed and ownership of the Fund's securities.

Shareholder Information

Pricing of Shares

The price of the Fund's shares is based on its NAV. The NAV per share of the Fund is determined as of the close of regular trading on the New York Stock Exchange ("Exchange") (normally 4:00 p.m. Eastern Time) on each day that the Exchange is open for business (each, a "Business Day"). The NAV is calculated by adding the value of all securities and other assets in the Fund, deducting its liabilities, and dividing the balance by the number of outstanding shares in the Fund. The price at which a purchase or redemption is effected is based on the next calculation of NAV after the order is received by an authorized financial institution or U.S. Bancorp Fund Services, LLC, the Fund's transfer agent (the "Transfer Agent") and under no circumstances will any order be accepted for purchase or redemption after the NAV calculation. Shares will only be priced on Business Days. In addition, foreign securities held by the Fund may trade on weekends or other days when the Fund does not calculate NAV. As a result, the market value of these investments may change on days when shares of the Fund cannot be bought or sold.

The Fund values its assets based on current market values when such values are available. These prices normally are supplied by an independent pricing service. Debt securities, including short-term debt instruments having a maturity of less than 60 days, are valued at the evaluated mean price supplied by an approved pricing service. Pricing services may use various valuation methodologies including matrix pricing and other analytical pricing models as well as market transactions and dealer quotations. In the absence of prices from a pricing service, fair value will be determined using procedures adopted by the Board.

When the Fund uses fair value pricing to determine NAV, securities will not be priced on the basis of quotations from the primary market in which they are traded, but rather may be priced by another method that the Board believes accurately reflects fair value. The Fund's policy is intended to result in a calculation of the Fund's NAV that fairly reflects security values as of the time of pricing. However, fair values determined pursuant to the Fund's procedures may not accurately reflect the price that the Fund could obtain for a security if it were to dispose of that security as of the time of pricing.

Description of Share Classes

The Fund offers Institutional Shares in this prospectus. The Fund has also established Retail Shares, which are not currently being offered. The different classes represent investments in the same portfolio of securities, but the classes are subject to different expenses and may have different share prices as outlined below. Each class of shares has different expenses and distribution arrangements to provide for different investment needs. You should always discuss the suitability of your investment with your broker-dealer or financial adviser.

Institutional Shares. Institutional Shares pay lower annual expenses than the Fund's Retail Shares. Institutional Shares are offered without sales charges, and are not subject to Rule 12b-1 distribution or shareholder servicing fees. Institutional Shares are offered only to institutional investors or through certain financial intermediary accounts or retirement plans, subject to the investment minimum for opening accounts. Institutional Shares are available to the following:

- institutional investors;
- Individual Retirement Accounts ("IRAs");
- certain financial institutions, endowments, foundations, government entities or corporations investing on their own behalf;
- existing Institutional class shareholders;
- Trustees of the Trust, former trustees of the Trust, employees of affiliates of the Fund and the Advisor and other individuals who are affiliated with the Fund (this also applies to any spouse, parents, children, siblings, grandparents, grandchildren and in-laws of those mentioned) and Advisor affiliate employee benefit plans; and
- wrap fee programs of certain broker-dealers (please consult your financial representative to determine if your wrap fee program is subject to additional or different conditions or fees).

Retail Shares. Retail Shares are sold without sales charges, and are subject to a Rule 12b-1 distribution and shareholder servicing fee of 0.25% of the average daily net assets of the Fund attributable to Retail Shares, computed on an annual basis. Retail Shares are not currently offered for sale.

Purchase of Shares

The Fund's shares are offered on a continuous basis and are sold without any sales charges. You may purchase shares as specified below. Minimum amounts for investment in the Fund are shown below. The Fund reserves the right to change the criteria for eligible investors and investment minimums.

<u>Share Purchase Amounts</u>	<u>Institutional Shares</u>	<u>Retail Shares</u>
Minimum Initial Investment – All Accounts	\$100,000	\$3,000
Minimum Subsequent Investment – All Accounts	None	None

The Fund may waive or reduce the initial or subsequent minimum investment amounts in any of the following circumstances, without limitation:

- current and retired employees, directors/trustees and officers of the Trust, the Advisor and its affiliates and certain family members of each of them (*i.e.*, spouse, domestic partner, child, parent, sibling, grandchild and grandparent, in each case including in-law, step and adoptive relationships);
- any trust, pension, profit sharing or other benefit plan for current and retired employees, directors/trustees and officers of the Advisor and its affiliates;
- current employees of the Transfer Agent, broker-dealers who act as selling agents for the Fund, intermediaries that have marketing agreements in place with the Advisor and the immediate family members of any of them;
- registered investment advisers who buy through a broker-dealer or service agent who has entered into an agreement with the Fund's distributor;
- qualified broker-dealers who have entered into an agreement with the Fund's distributor; and
- existing clients of the Advisor, their employees, and immediate family members of such employees.

Shares of the Fund have not been registered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

By Mail: You may purchase shares by sending a check in U.S. Dollars drawn on a U.S. bank payable to the Fund, indicating the name of the Fund and the dollar amount to be purchased, along with a completed account application if you are making your first investment in the Fund. If a subsequent investment is being made, the check should also indicate your Fund account number. The Fund will not accept payment in cash or money orders. The Fund does not accept post-dated checks or any conditional order or payment. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. Send the check and account application by regular mail to:

Regular mail:

Spyglass Growth Fund
c/o U.S. Bank Global Fund Services
P. O. Box 701
Milwaukee, WI 53201-0701

Overnight mail:

Spyglass Growth Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders does not constitute receipt by the Transfer Agent. Receipt of purchase orders is based on when the order is received at the Transfer Agent's offices.

By Wire: If you are making your first investment in the Fund by wire, before you wire funds the Transfer Agent must have a completed account application. You may mail your account application to the Transfer Agent at the addresses provided under “By Mail,” above. Upon receipt of your completed account application, the Transfer Agent will establish an account for you. The account number assigned will be required as part of the instruction that should be provided to your bank to send the wire. Your bank must include both the name of the Fund, the account number, and your name so that monies can be correctly applied. Your bank should transmit funds by wire to:

Wire to:	U.S. Bank, N.A.
ABA Number:	075000022
Credit:	U.S. Bancorp Fund Services, LLC
Account:	112-952-137
Further Credit:	Spyglass Growth Fund (Shareholder Name/Account Registration) (Shareholder Account Number)

Before sending your wire, please contact the Transfer Agent to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. Wired funds must be received prior to 4:00 p.m. Eastern Time to be eligible for same day pricing. The Fund and U.S. Bank, N.A. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

By Telephone: Investors may purchase additional shares of the Fund by 1-888-878-5680. If you elected this option on your account application, and your account has been open for at least seven business days, telephone orders in any amount will be accepted via electronic funds transfer from your bank account through the Automated Clearing House (“ACH”) network. You must have banking information established on your account prior to making a purchase. If your order is received prior to 4:00 p.m., Eastern Time, your shares will be purchased at the NAV calculated on the day your order is placed.

Purchase orders by telephone must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call waits. Please allow sufficient time to place your telephone transaction.

Automatic Investment Plan: Once your account has been opened you may make additional purchases of Institutional Shares or Retail Shares at regular intervals through the Automatic Investment Plan (“AIP”). The AIP provides a convenient method to have monies deducted from your financial institution account for investment into the Fund on a monthly basis. In order to participate in the AIP, each purchase must be in the amount of \$50 or more, and your financial institution must be a member of the ACH network. To begin participating in the AIP, please complete the AIP section on the account application or call the Transfer Agent at 1-888-878-5680 for instructions. Any request to change or terminate your AIP should be submitted to the Transfer Agent at least 5 days prior to effective date.

Additional Information Regarding Purchases: Purchase orders received by the Transfer Agent in good order before the close of regular trading on the Exchange on any Business Day will be priced at the NAV that is determined as of the close of trading. Purchase orders received in good order after the close of regular trading on the Exchange will be priced as of the close of regular trading on the following Business Day. “Good order” means that the purchase request includes the name of the Fund and share class, the dollar amount of shares to be purchased, your account application or investment stub, and a check payable to the Fund.

Any purchase order may be rejected if the Fund determines that accepting the order would not be in the best interest of the Fund or its shareholders. The Fund reserves the right to reject any account application. The Transfer Agent will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any payment that is returned.

Redemption of Shares

You may sell (redeem) your shares on any Business Day. Redemptions are effected at the NAV next determined after the Transfer Agent or financial intermediary has received your redemption request. The Fund's name, your account number, the number of shares or dollar amount you would like redeemed and the signatures by all of the shareholders whose names appear on the account registration should accompany any redemption requests. You may elect to have redemption proceeds paid by check, by wire (for amounts \$1,000 or more) or by electronic funds transfer via ACH. Proceeds will be sent to the address or bank account on record. For payment through the ACH network, your bank must be an ACH member and your bank account information must be maintained on your Fund account. Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to a 10% withholding tax. If you purchased your shares through a financial intermediary (as discussed under "Purchasing and Redeeming Shares Through a Financial Intermediary," below) you should contact the financial intermediary for information relating to redemptions.

The Fund typically expects to pay redemption proceeds on the next Business Day after the redemption request is received in good order and prior to market close, regardless of whether the redemption proceeds are sent via check, wire, or ACH transfer. If the Fund has sold securities to generate cash to meet your redemption request, the redemption proceeds may be postponed until the first Business Day after the Fund receives the sales proceeds. Under unusual circumstances, the Fund may suspend redemptions, or postpone payment for up to seven days, as permitted by federal securities law. The Fund typically expects to meet redemption requests by paying out proceeds from cash or cash equivalent portfolio holdings, or by selling portfolio holdings if consistent with the management of the applicable Fund. The Fund reserves the right to redeem in-kind as described under "In-Kind Redemptions," below. Redemptions in-kind are typically used to meet redemption requests that represent a large percentage of the Fund's net assets in order to minimize the effect of large redemptions on the Fund and its remaining shareholders. Redemptions in-kind may be used regularly in circumstances as described above, and may also be used in stressed market conditions. If shares to be redeemed represent a recent investment made by check or ACH transfer, the Fund reserves the right to not make the redemption proceeds available until it has reasonable grounds to believe that the check or ACH transfer has been collected (which may take up to 10 calendar days).

By Mail: If you redeem your shares by mail, you must submit written instructions which indicate the Fund name, your account number, the number of shares or dollar amount you would like redeemed and the signatures by all of the shareholders whose names appear on the account registration along with a signature guarantee, if applicable. Your redemption request should be sent to:

Regular mail:

Spyglass Growth Fund
c/o U.S. Bank Global Fund Services
P. O. Box 701
Milwaukee, WI 53201-0701

Overnight mail:

Spyglass Growth Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

By Wire: Wires are subject to a \$15 fee paid by you, but you do not incur any charge when proceeds are sent via the ACH system.

By Telephone: If you prefer to redeem your shares by telephone, you must accept telephone options on your account application. You may then initiate a redemption of shares up to the amount of \$50,000 by calling the Transfer Agent at 1-888-878-5680. Adding telephone options to an existing account may require a signature guarantee or other acceptable form of authentication from a financial institution source. Redemption requests must be received by or before the close of regular trading on the Exchange on any Business Day. During periods of high market activity, shareholders may encounter higher than usual call waits. Please allow sufficient time to place your telephone transaction. If you are unable to contact the Fund by telephone, you may mail your redemption request in writing to the address noted above. Once a telephone transaction has been accepted, it may not be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 pm, Eastern Time). Shares held in IRA and other retirement accounts may be redeemed by telephone. Investors will be asked whether or not to withhold taxes from any distribution.

Before executing an instruction received by telephone, the Transfer Agent will use reasonable procedures to confirm that the telephone instructions are genuine. The telephone call may be recorded and the caller may be asked to verify certain personal identification information. If the Fund or its agents follow these procedures, they cannot be held liable for any loss, expense or cost arising out of any telephone redemption request that is reasonably believed to be genuine. This includes fraudulent or unauthorized requests. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

Systematic Withdrawal Plan: You may redeem your Retail Shares of the Fund through the Systematic Withdrawal Plan ("SWP"). Under the SWP, you may choose to receive a specified dollar amount, generated from the redemption of Retail Shares in your account, on a monthly basis. In order to participate in the SWP, your account balance must be at least \$5,000 and each payment should be a minimum of \$100. If you elect this method of redemption, the Fund will send a check to your address of record, or will send the payment via electronic funds transfer through the ACH network directly to your bank account. The SWP may be terminated at any time by the Fund. You may also elect to terminate your participation in the SWP at any time by contacting the Transfer Agent at least 5 days prior to the next withdrawal. The SWP is not available for Institutional Shares.

A withdrawal under the SWP involves redemption of shares and may result in a gain or loss for federal income tax purposes. In addition, if the amount requested to be withdrawn exceeds the amount available in your Fund account, which includes any dividends credited to your account, the account will ultimately be depleted.

In-Kind Redemptions: The Fund reserves the right to honor redemption requests by making payment in whole or in part by a distribution of securities from the Fund's portfolio (a "redemption-in-kind"), and may be made in the form of pro-rata slices of the Fund's portfolio, individual securities or a representative basket of securities. Redemptions in kind are taxable in the same manner as redemptions paid in cash for federal income tax purposes. Securities redeemed in-kind will be subject to market risk until they are sold. In addition, the sale of securities received in-kind may be subject to brokerage fees, and may give rise to taxable gains or losses.

Signature Guarantees: A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has been changed within the last 30 calendar days;
- For all redemptions in excess of \$50,000 from any shareholder account.

The Fund may waive any of the above requirements in certain instances. In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee in other instances based on the circumstances relative to the particular situation.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program ("STAMP"). A notary public is not an acceptable signature guarantor.

Purchasing and Redeeming Shares Through a Financial Intermediary

You may purchase and redeem shares of the Fund through certain financial intermediaries (and their agents) that have made arrangements with the Fund to sell its shares. When you place your purchase or redemption order with such a financial intermediary, your order is treated as if you had placed it directly with the Transfer Agent, and you will pay or receive the next NAV calculated by the Fund. Financial intermediaries may be authorized by the Quasar Distributors, LLC, the Fund's distributor (the "Distributor") to designate other financial intermediaries to accept orders on the Fund's behalf. An order is deemed to be received when the Fund, a financial intermediary or, if applicable, a financial intermediary's authorized designee accepts the order. The financial intermediary holds your shares in an omnibus account in the financial intermediary's name, and the financial intermediary maintains your individual ownership records. Your financial intermediary may charge you a fee for handling your purchase and redemption orders. The financial intermediary is responsible for processing your order correctly and promptly, keeping you advised regarding the status of your individual account, confirming your transactions and ensuring that you receive copies of the Fund's Prospectus.

The Distributor, on behalf of the Fund, may enter into agreements with financial intermediaries that provide recordkeeping, transaction processing and other administrative services for customers who own Fund shares. The Advisor and/or its affiliates may pay financial intermediaries for such services. The fee charged by financial intermediaries may be based on the number of accounts or may be a percentage of the average value of accounts for which the financial intermediary provides services.

Exchanging Between Share Classes

You may exchange shares of one share class of the Fund for a different share class of the Fund if you meet the minimum initial investment, eligibility criteria and other requirements for investment in the share class you are exchanging into. Share class exchanges are based on the relevant NAVs of the applicable share classes at the time of the conversion, and no charge is imposed. An exchange from one class to another within the Fund will not be a taxable transaction.

To obtain more information about share class exchanges, or to place exchange orders, contact the Transfer Agent, or, if your shares are held in an account with a financial intermediary, contact the financial intermediary. Your financial intermediary may impose conditions on such transactions in addition to those disclosed in this prospectus. The Fund reserves the right to modify or eliminate the share class exchange feature.

Frequent Purchases and Redemptions

The Fund is intended to be long-term investment vehicles and is not designed to provide investors with a means of speculating on short-term market movements (market timing). Frequent purchases and redemptions of Fund shares can disrupt the management of the Fund, negatively affect the Fund's performance, and increase expenses for all of the Fund's shareholders. In particular, frequent trading can: (i) force the Fund's portfolio managers to hold larger cash positions than desired instead of fully investing the Fund, which can result in lost investment opportunities; (ii) cause unplanned and inopportune portfolio turnover in order to meet redemption requests; (iii) increase broker-dealer commissions and other transaction costs as well as administrative costs for the Fund; and (iv) trigger taxable gains for other shareholders. Also, some frequent traders engage in arbitrage strategies, by which these traders seek to exploit pricing anomalies that can occur when the Fund invests in securities that are thinly traded (some small-capitalization stocks, for example) or are traded primarily in markets outside of the U.S. Frequent traders using arbitrage strategies can dilute the Fund's NAV for long-term shareholders.

If you intend to trade frequently or use market timing investment strategies, you should not purchase shares of the Fund.

The Board has adopted policies and procedures with respect to frequent purchases and redemptions of Fund shares. The Fund's policy is intended to discourage excessive trading in the Fund's shares that may harm long-term investors and to make reasonable efforts to detect and deter excessive trading. The Fund reserves the right to reject any purchase request order at any time and for any reason, without prior written notice. The Fund may, in certain circumstances, reverse a transaction determined to be abusive. In applying these policies, the Fund considers the information available at the time and may consider trading activity in multiple accounts under common ownership, control, or influence.

When excessive or short-term trading is detected, the party involved may be banned from future trading in the Fund. Judgments related to the rejection of purchase and the banning of future trades are inherently subjective and involve some selectivity. The Fund will seek to make judgments and applications that are consistent with the interests of the Fund's shareholders.

The Fund's policies for deterring excessive trading in Fund shares are intended to be applied uniformly to all Fund shareholders to the extent practicable. Some intermediaries, however, maintain omnibus accounts in which they aggregate orders of multiple investors and forward the aggregated orders to the Fund. Because the Fund receives these orders on an aggregated basis and because these omnibus accounts may trade with numerous fund families with differing market timing policies, the Fund is substantially limited in its ability to identify or deter excessive traders or other abusive traders. The Fund will use its best efforts to obtain the cooperation of intermediaries to identify excessive traders and to prevent or limit abusive trading activity to the extent practicable. Nonetheless, the Fund's ability to identify and deter frequent purchases and redemptions of Fund shares through omnibus accounts is limited. The Fund's success in accomplishing the objectives of the policies concerning excessive trading in Fund shares in this context depends significantly upon the cooperation of the intermediaries, which may have adopted their own policies regarding excessive trading which are different than those of the Fund. In some cases, the Fund may rely on the excessive trading policies of the financial intermediaries in lieu of applying the Fund's policies when the Fund believes that the policies are reasonably designed to prevent excessive trading practices that are detrimental to the Fund.

Other Fund Policies

Small Accounts: If the value of your account falls below the investment minimum, the Fund may ask you to increase your balance. If the account value is still below the investment minimum after 60 days, the Fund may close your account and send you the proceeds. The Fund will not close your account if it falls below the investment minimum solely as a result of a reduction in your account's market value.

Customer Identification Program: In compliance with the USA PATRIOT Act of 2001, please note that the Transfer Agent will verify certain information on your Account Application as part of the Fund's Anti-Money Laundering Program. As requested on the Application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owner(s) of the legal entity. Permanent addresses containing only a P.O. Box will not be accepted. Additional information may be required in certain circumstances. Applications without such information may not be accepted. To the extent permitted by applicable law, the Fund reserves the right to: (i) place limits on transactions in an investor's account until the investor's identity is verified; (ii) refuse an investment in the Fund; or (iii) involuntarily redeem an investor's shares and close an account in the event that an investor's identity is not verified.

Householding: In an effort to be environmentally sensitive and to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and Annual and Semi-Annual Reports you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders we reasonably believe are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts please call, toll-free, 1-888-878-5680 to request individual copies of these documents. Once the Fund receives notice to stop householding, we will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

Lost Shareholders: It is important that the Fund maintain a correct address for each shareholder. An incorrect address may cause an investor's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then they will determine whether the shareholder's account can legally be considered abandoned.

The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. Investors with a state of residence in Texas have the ability to designate a representative to receive legislatively required unclaimed property due diligence notifications. Please contact the Texas Comptroller of Public Accounts for further information. The shareholder's last known address of record determines which state has jurisdiction.

Distribution of Fund Shares

The Distributor

The Trust has entered into a Distribution Agreement with Quasar Distributors, LLC, (the "Distributor") located at 777 East Wisconsin Avenue, 6th Floor, Milwaukee, Wisconsin 53202, pursuant to which the Distributor acts as the Fund's principal underwriter, provides certain administration services and promotes and arranges for the sale of Fund shares. The offering of Fund shares is continuous, and the Distributor distributes Fund shares on a best efforts basis. The Distributor is not obligated to sell any certain number of shares of the Fund. The Distributor and the Fund's administrator and custodian are affiliated companies. The Distributor is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc.

Distribution and Shareholder Servicing (Rule 12b-1) Plan – Retail Shares (not currently offered)

The Fund has adopted a distribution and shareholder servicing plan pursuant to Rule 12b-1 under the 1940 Act (the "Rule 12b-1 Plan") on behalf of its Retail Shares. Under the Rule 12b-1 Plan, Retail Shares pay the Distributor or other authorized recipients a Rule 12b-1 fee at an annual rate of 0.25% of their average daily net asset value. The Distributor uses this Rule 12b-1 fee primarily to finance activities that promote the sale of Retail Shares. Such activities include, but are not necessarily limited to, compensating brokers, dealers, financial intermediaries and sales personnel for distribution and shareholder services, printing and mailing prospectuses to persons other than current shareholders, printing and mailing sales literature, and advertising. Because Rule 12b-1 fees are paid out of the Fund's assets on an ongoing basis, over time these fees will increase the cost of your investment in Retail Shares and may cost you more than paying other types of sales charges. The Distributor or the Fund may select financial institutions, such as banks, fiduciaries, custodians, investment advisers and broker-dealers, as agents to provide sales or administrative services for their clients or customers who beneficially own Retail Shares. Financial institutions will receive Rule 12b-1 fees from the Distributor based upon Retail Shares owned by their clients or customers. Institutional Shares of the Fund are not subject to the Rule 12b-1 Plan, and do not pay Rule 12b-1 fees.

Payments to Financial Intermediaries

The Advisor, out of its own resources and legitimate profits and without additional cost to the Fund or its shareholders, may provide cash payments to certain intermediaries, sometimes referred to as revenue sharing. The Advisor may make revenue sharing payments to intermediaries for shareholder services or distribution-related services, such as: marketing support; access to third party platforms; access to sales meetings, sales representatives and management representatives of the intermediary; and inclusion of the Fund on a sales list, including a preferred or select sales list, and in other sales programs. The Advisor may also pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold. From time to time, and in accordance with applicable rules and regulations, the Advisor may also provide non-cash compensation to representatives of various intermediaries who sell Fund shares or provide services to Fund shareholders.

Distributions and Taxes

Distributions

The Fund will make distributions of net investment income and net capital gain, if any, at least annually, typically during the month of December. The Fund may make additional distributions if deemed to be desirable at another time during the year.

All distributions will be reinvested in additional Fund shares unless you choose one of the following options: (1) receive distributions of net capital gain in cash, while reinvesting net investment income distributions in additional Fund shares; (2) receive all distributions in cash; or (3) reinvest net capital gain distributions in additional Fund shares, while receiving distributions of net investment income in cash.

If you wish to change your distribution option, write to or call the Transfer Agent in advance of the payment date of the distribution. However, any such change will be effective only as to distributions for which the record date is five or more calendar days after the Transfer Agent has received the request.

If you elect to receive distributions in cash and the U.S. Postal Service is unable to deliver your check, or if a check remains uncashed for six months, the Fund reserves the right to reinvest the distribution check in your account at such Fund's then current NAV per share and to reinvest all subsequent distributions.

Federal Income Tax Consequences

Changes in income tax laws, potentially with retroactive effect, could impact the Fund's investments or the tax consequences to you of investing in the Fund.

Distributions of the Fund's investment company taxable income (which includes, but is not limited to, interest, dividends, net short-term capital gain and net gain from foreign currency transactions), if any, are generally taxable to the Fund's shareholders as ordinary income. For a non-corporate shareholder, to the extent that the Fund's distributions of investment company taxable income are attributable to and reported as "qualified dividend" income, such income may be subject to tax at the reduced federal income tax rates applicable to long-term capital gain, if certain holding period requirements have been satisfied by the shareholder. For a corporate shareholder, a portion of the Fund's distributions of investment company taxable income may qualify for the intercorporate dividends-received deduction to the extent the Fund receives dividends directly or indirectly from U.S. corporations, reports the amount distributed as eligible for the deduction and the corporate shareholder meets certain holding period requirements with respect to its shares. To the extent that the Fund's distributions of investment company taxable income are attributable to net short-term capital gain, such distributions will be treated as ordinary income and cannot be offset by a shareholder's capital losses from other investments.

Distributions of the Fund's net capital gain (net long-term capital gain less net short-term capital loss) are generally taxable as long-term capital gain regardless of the length of time that a shareholder has owned Fund shares. Distributions of net capital gain are not eligible for qualified dividend income treatment or the dividends-received deduction referred to in the previous paragraph.

You will be taxed in the same manner whether you receive your distributions (of investment company taxable income or net capital gain) in cash or reinvest them in additional Fund shares. Distributions are generally taxable when received. However, distributions declared in October, November or

December to shareholders of record and paid the following January are taxable as if received on December 31.

In addition to the federal income tax, certain individuals, trusts and estates may be subject to a Net Investment Income (“NII”) tax. The NII tax is imposed on the lesser of: (i) the taxpayer’s investment income, net of deductions properly allocable to such income; or (ii) the amount by which the taxpayer’s modified adjusted gross income exceeds certain thresholds (\$250,000 for married individuals filing jointly, \$200,000 for unmarried individuals and \$125,000 for married individuals filing separately). The Fund’s distributions are includable in a shareholder’s investment income for purposes of this NII tax. In addition, any capital gain realized by a shareholder upon a sale, exchange or redemption of Fund shares is includable in such shareholder’s investment income for purposes of this NII tax.

Shareholders that sell, exchange or redeem shares generally will have a capital gain or loss from the sale, exchange or redemption. The amount of the gain or loss and the applicable rate of federal income tax will depend generally upon the amount paid for the shares, the amount received from the sale, exchange or redemption (including in-kind redemptions) and how long the shares were held by a shareholder. Gain or loss realized upon a sale, exchange or redemption of Fund shares will generally be treated as a long-term capital gain or loss if the shares have been held for more than one year and, if held for one year or less, as short term capital gain or loss. Any loss arising from the sale, exchange or redemption of shares held for six months or less, however, is treated as a long-term capital loss to the extent of any distributions of net capital gain received or deemed to be received with respect to such shares. In determining the holding period of such shares for this purpose, any period during which your risk of loss is offset by means of options, short sales or similar transactions is not counted. If you purchase Fund shares (through reinvestment of distributions or otherwise) within 30 days before or after selling, exchanging or redeeming other Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the new shares.

If more than 50% of the value of the Fund’s total assets at the close of its taxable year consists of stock and securities in foreign corporations, the Fund will be eligible to, and may, file an election with the Internal Revenue Service (“IRS”) that would enable the Fund’s shareholders, in effect, to receive the benefit of the foreign tax credit with respect to any income taxes paid by the Fund to foreign countries and U.S. possessions.

The Fund is required to report to certain shareholders and the IRS the cost basis of Fund shares acquired on or after January 1, 2012 when those shareholders subsequently sell, exchange or redeem those shares. The Fund will determine cost basis using the average cost method unless you elect in writing any alternate IRS-approved cost basis method. Please see the SAI for more information regarding cost basis reporting.

The federal income tax status of all distributions made by the Fund for the preceding year will be annually reported to shareholders. Distributions made by the Fund may also be subject to state and local taxes. Additional tax information may be found in the SAI.

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax advisor.

Financial Highlights

The following financial highlights table is intended to help you understand the financial performance information for the Institutional Shares for the period from January 2, 2018 (commencement of operations for Institutional Shares) to December 31, 2018. The total return in the table represents the rate that you would have earned or lost on an investment in the Fund (assuming you reinvested all dividends). This information has been audited by BBD, LLP, the independent registered public accounting firm of the Fund, whose report along with the Fund's financial statements, is included in the Fund's 2018 Annual Report to Shareholders, which is available upon request. Because the Retail Shares class has not yet commenced operations, there are no financial highlights for Retail Shares available at this time.

Institutional Shares

	January 2, 2018* through December 31, 2018
Net Asset Value – Beginning of Period	<u>\$ 10.00</u>
Income from Investment Operations:	
Net investment loss ¹	(0.10)
Net realized and unrealized gain on investments	<u>1.14</u>
Total from investment operations	<u>1.04</u>
Less Distributions:	
Dividends from net realized gains	(0.52)
Total distributions	<u>(0.52)</u>
Net Asset Value – End of Period	<u>\$ 10.52</u>
Total Return	<u>10.36 %</u> [^]
Ratios and Supplemental Data:	
Net assets, end of period (thousands)	<u>\$ 41,530</u>
Ratio of operating expenses to average net assets:	
Before reimbursements	<u>1.78 %</u> ⁺
After reimbursements	<u>1.00 %</u>
Ratio of net investment loss to average net assets:	
Before reimbursements	<u>(1.61)%</u> [^]
After reimbursements	<u>(0.83)%</u> ⁺
Portfolio turnover rate	<u>66 %</u> ⁺

* Commencement of operations for Institutional Shares was January 2, 2018

+ Annualized

[^] Not Annualized

¹ The net investment income per share was calculated using the average shares outstanding method.

PRIVACY NOTICE

Protecting the privacy of Fund shareholders is important to us. The following is a description of the practices and policies through which we protect the privacy and security of your non-public personal information.

What Information We Collect

We collect and maintain information about you so that we can open and maintain your account in the Funds and provide various services to you. We collect non-public personal information about you from the following sources:

- information we receive about you on applications or other forms;
- information you give us orally; and
- information about your transactions with us or others.

The types of non-public personal information we collect and share can include:

- social security number;
- account balances;
- account transactions;
- transaction history;
- wire transfer instructions; and
- checking account information.

What Information We Disclose

We do not disclose any non-public personal information about shareholders or former shareholders of the Funds without the shareholder's authorization, except as permitted by law or in response to inquiries from governmental authorities. We may share information with affiliated parties and unaffiliated third parties with whom we have contracts for servicing the Funds. We will provide unaffiliated third parties with only the information necessary to carry out their assigned responsibility.

How We Protect Your Information

All shareholder records will be disposed of in accordance with applicable law. We maintain physical, electronic and procedural safeguards to protect your non-public personal information and require third parties to treat your non-public personal information with the same high degree of confidentiality.

In the event that you hold shares of the Funds through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared with unaffiliated third parties.

If you have any questions or concerns regarding this notice or our Privacy Policy, please contact us at 1-888-878-5680.
